Would you like to live in the middle of the cozy Guardamar del Segura in this building with 2 and 3-bedroom apartments and just 500 meters from the sea? Then this is your chance. Close to all services: parks, shops and restaurants... do you like to live in a relaxed complex where you can also enjoy the sun? Well, in our residential all the houses have a private solarium, with wonderful views of the sea or the mountains.

The master bedroom can be walked through the sliding door onto the large terrace for breakfast. This bedroom also has an en-suite bathroom. The bedroom has a wall-width wardrobe and is equipped with shelves, drawer units and automatic lighting when opening the door. The other 2 large bedrooms also have fitted wardrobes, creating an efficient room layout. These 2 bedrooms share a bathroom.

Of course, the deluxe kitchen is also included, which is equipped with a breakfast bar and adjoins the spacious dining room/living room, which in turn connects to the terrace. Of course, there is a lift in the complex that goes from the ground floor to the solarium. Construction ends in April 2023, so you will be able to enjoy your apartment very soon.

We can also visit the show apartment without obligation or send us an email to obtain more information about this unique opportunity in the center of Guardamar.
